## Divine Protection Reiki Manual

Founder Lillian Bradley (aka Sri Lilly)

Divine Protection Reiki is a wonderful system designed to offer divine protection and oneness with the universe. I designed it to be simple and yet effective.

This system is so easy to use even a child can do it. To become attuned to this powerful system can come about in two ways.

(1) You can attune yourself into the system by asking your higher self to attune you.

(2) You can become attuned into the system by a Divine protection Reiki master.

This system uses only 1 symbol (the Om symbol) and it's used to bring immediate peace to the mind and body. I hope you enjoy this system and find many ways to use its energies.

To connect to the energy say, "Divine protection Reiki" the energy will start to flow.

Visualize white light entering your crown chakra this will strengthen your connection.

To protect yourself from physical harm say, "ArchAngel Micheal". You will immediately be protected by ArchAngel's Micheals protective energies.

To cleanse your aura and spirit body from negative thought forms say, "Cleanse me by removing all negative thought forms". You will immediately be cleansed within 3 minutes.

(It helps to visualize white light bathing you during this process)Afterwards you should feel cleansed and refreshed.

To protect yourself from psychic attack say, "Divine protection surrounds me". Visualize yourself covered in a white light. You should actually fill yourself covered and surrounded by this bubble of light. You are completely protected from all negative thought forms.

To protect an object from theft or harm say, "protect object". The object within 2-3 seconds will be protected.

To protect a person place your hands in the prayer position and visualize the person between the palms of your hands. Now say, (person's name)you are protected by ArchAngel Michael the person will be completely protected when you no longer feel the energy flowing.

To bring comfort to someone or yourself touch the person on shoulders or cover their ears and connect to the energy by saying "Divine protection Reiki" IN your mind vibrate and visualize the Holy word Om. The person will have immediate peace and receive a powerful healing.

To feel oneness with the universe connect to the energy with hands in the prayer position and vibrate the Holy word Om.
